Operating permits will only be granted to businesses whose worker schedules conform to Government Efficient Enterprise regulations.

Enter the proposed schedule of six workers (rows) over the six work shifts (columns) by marking the appropriate cells.

The row headings indicate the duration(s) of each worker's shift(s). For example, "1 2 1" indicates that the worker must work three shifts; the first shift must be of duration 1, the second shift must be of duration 2, and the third shift must be of duration 1. Between shifts there muse be a rest period with duration of at least 1.

The column headings indicate how many workers must be on duty each shift. For example, "1 2" indicates that three workers total must be scheduled on that shift, in groups of 1 and 2. Two groups must be separated by at least one blank row.
